Business Men of Alexandria Offer
Pecuniary Aid in Meeting Expens-
es of Recruits

Three sergeants and Lieutenant
McLean of the Alexandria Light In-
fantry left this morning for near-by
points in Alexandria, Fairfax, Loud-
oun and Prince William counties for
the purpose of recruiting for their
company which is stationed at the
armory in this city ready to move
on orders from the state headquar-
ters in Richmond.

Recruiting continued briskly yes-
terday and this morning. and by
tonight it is expected that the com-
pany will reach the 100 mark. Last
night more than 50 men slept in the
armory and there are some 20 men
who have enlisted on the provision
that they will join the company as
soon as it receives orders to move.

A committee of business men met
with the officers of the company last
night and assured them of their sup-
port. Financial aid was given in
meeting the expenses of recruiting
and promises were made that the po-
sitions of men who joined the company
would be kept open for them when
they returned.

Retention in Richmond of the State
mobilization camp, where every unit
of the Virginia Volunteers will be
concentrated for training in prepara-
tion for an emergency call for duty
along the Mexican border, will de-
pend entirely upon a conference to-
day between military officials and
Henry P. Beck, of the Administra-
tive Board, who has been delegated
authority by that body to handle all
matters pertaining to the proposed
camp at the Fair Grounds.

Following the receipt of a tele-
gram yesterday afternoon from Col-
onel O. Lane Stern, who is at Cam-
oke, announcing that the Magic City
offers for mobilization the same site
used for officers' training camp, and
that the people and the Chamber of
Commerce of that city are anxious
to receive the soldier boys, Major Al-
len Potts, camp quartermaster, and
Colonel J. Fred Lynch, surgeon-general
of the Virginia Volunteers, made a
hurried inspection of the work al-
ready accomplished at the Fair
Grounds and expressed the opinion
that preparations were progressing
slowly.

Action in the matter by the Adjut-
ant-General will be guided largely
by the report of the two officers.
They were unanimous in the opinion
that representatives of the military
service should arrange for a confer-
ence with Mr. Beck, today and make
it plain that the board must get to
work quickly in completing arrange-
ments for the camp, or another site
would be selected.

Railroads have voluntarily come
forward with generous offers to the
military authorities to place at their
disposal as many special trains as
necessary for handling the men. Gen-
eral Sale anticipates no transporta-
tion troubles at any point in the
State.

LEAVING MEXICO

Americans Move From Capital City
in Special Trains

Mexico City, June 21.—Many Am-
ericans left Mexico City yesterday
morning in special cars for Vera
Cruz. Calls have been sent to Gua-
dalajara, Guanajuato, Puebla and
other cities requesting Americans to
come to the capital for the purpose
of taking trains for Vera Cruz or
to reach other coast ports directly,
if that be possible.

The Mexican Foreign Office yester-
day again gave assurance that no ob-
stacles would be put in the way of
Americans desiring to leave the coun-
try. Americans have been treated
with courtesy by the officials having
to do with the transportation system
but the shortage of rolling stock is
making difficult the carrying of those
who desire to leave.

James Linn Rodgers, the repre-
sentative of the United States Gov-
ernment before the de facto Govern-
ment in Mexico, met a committee of
Americans yesterday and outlined
arrangements for obtaining sufficient
cars to accommodate them.

The Pachuca mining companies have
offered a special train of 11 box cars
and caboose, and a great majority
of the American colony here left for
Vera Cruz today.

The city is absolutely quiet and
there have been no hostile demon-
strations of any kind against Am-
ericans.

DIED HORRIBLE DEATH.

Garrett Wolfe, Colored, Ground to
Pieces in Coal Crusher.

Bluefield, W. Va. June 21.—Gar-
ret Wolfe, a negro employee of the
United States Coal and Coke Com-
pany, at Gary, W. Va., was crushed to
death Saturday evening in a coal
crusher. The discovery was made
when small pieces of flesh were not-
iced coming from the crusher with
the crushed coal.

The officials of the company are
inclined to think the man committed
suicide, in view of the fact that the
machinery connected with the crusher
is so protected that it is consid-
ered impossible for anyone to fall
into it accidentally.

SERVICES AT GOSPEL TENT.

"The Love of God," will be the
theme of Evangelist Gibson at the
Gospel Tent on Washington street
tonight, and all are invited to attend.
The tent was well filled with in-
terested people last night who were
listening to the interesting discourse
delivered by the Evangelist on the
subject of "The Home of the Saved."

LABOR INDIFFERENCE

The New York World says:
Why should President Garretson,
of the Order of Railway Conductors,
denounce as "intimidated" the ap-
pearance as "intimidated" the ap-
pearance of the Pennsylvania railroad
to discountenance any move on the part
of 25,000 workmen that would throw
out of work 121,000 other employees
of the company. It is a perfectly
rational statement.

The members of the railroad
brotherhoods should hesitate before
voting to strike. They have it in
their power to do immense injury
to hundreds of thousands of men in
the employ of the railroads and
many more in other industries. The
affected immediately if the train
service should stop. The threats they
aim at the railroads if they take
extreme measures, will fall with
equal severity upon the miners, the
millworkers and all classes of wage-
earners.

When the negotiations carried on
between the railroad managers and
the representatives of the "Big Four"
brotherhoods were broken off the ob-
vious step was to resort to arbitra-
tion proceedings before an impartial
commission. That avenue to a peace-
ful settlement has not been closed.
It will only be closed by rash action
by the trainmen in precipitating a
strike.

ANNUAL EXCURSION.

P. E. Sunday School will be given
to Marshall Hall, tomorrow, June 22.
Tickets may be obtained from mem-
bers of the Sunday School. Adults

UNCONFIRMED REPORT OF CLASH

Threat of War is Plain in
Wilson's Warning to
Mexico

AN EMBARGO ON ARMS

American Troops Will Remain and
Any Hostile Act Will Meet With
Prompt Punishment

El Paso, Tex., June 21.—Fighting
has taken place between Carranzista
and United States troops, according
to an unconfirmed report received
early today by an immigration officer
here.

The advance column of cavalry dis-
patched south from Nampiquipa in
pursuit of bandits, was attacked by
troops of the de facto government,
this report stated.

Gen. George Bell, Jr., command-
ing the United States troops in
El Paso, said he had no official con-
firmation of the reported attack.

Bell admitted that he had heard
from Columbus, N. M., base camp,
in regard to the fighting, but that
the Columbus reports also were with-
out official confirmation.

Washington, D. C., June 21.—The
United States Government will go to
war rather than permit its interna-
tional rights to be longer trampled
upon by Mexican bandits.

This is the plain meaning of the
note delivered to Eliseo Arredondo,
Ambassador Designate of the Mexican
de facto Government, in reply to the
note of May 22, in which General
Carranza questions the good faith of
the United States in keeping General
Pershing in Mexico and demands the
immediate withdrawal of his forces,
under threat of "an appeal to arms."

"The Government of the United
States would surely be lacking in sin-
cerity and friendship if it did not
frankly impress upon the de facto
Government that the execution of this
threat will lead to the gravest con-
sequences," declares the American
reply.

"While this Government would
deeply regret such a result," the note
continues, "it cannot recede from its
settled determination to maintain its
national rights and to perform its full
duty in preventing further invasions
of the territory of the United States
and in removing the peril which Am-
ericans along the international bound-
ary have borne so long with patience
and forbearance."

Speaking of the determination of
the Administration to continue the
pursuit of bandits, despite Mexican
threats, the note says: "The United
States Government will not allow
bands of lawless men to establish
themselves upon its border with lib-
erty to invade and plunder American
territory with impunity, and, when
pursued to seek safety across the Rio
Grande, replying upon the plea of
their Government that integrity of
the soil of the Mexican Republic must
not be violated."

El Paso, June 21.—The border read
the latest note to General Carranza,
and then lapsed back into expectant
waiting. Speculation centered on the
first chief's reception of the Lansing
document.

A telegram received at the Mexi-
can consulate from the official news
bureau in Mexico City read:

"General Carranza, addressing a
patriotic crowd in Mexico City
declared that there would be no
war with the United States unless
the United States should send a
further punitive expedition into Mexi-
co."

The address referred to is believed
to be the one mentioned in Monday
night's dispatch in which General
Carranza was quoted as saying he
did not wish war, but would not
avoid it to the sacrifice of the nation-
al dignity. In some quarters the
telegram was interpreted as forecast-
ing a backdown on the part of the
first chief. It was pointed out that
the United States has no intention of
sending additional forces into Mexi-
co unless a new situation arises.

ASKS MORE MEN FOR NAVY

Secretary Daniels Wants 74,700 With
President Empowered to Make
It 87,000

Washington, June 21.—Because of
the urgent demand for every naval
vessel now fit to go to sea, Secretary
of the Navy Daniels yesterday asked
Congress to increase the number of
enlisted men in the navy from 54,000
to 74,700 and to give the President
authority, in an emergency, to fur-
ther increase the number to 87,000.

At the same time a plan was con-
sidered and will be given out on
Thursday to increase the number of
naval officers of the higher grades
by a series of quick promotions.
Moreover, the department has under
consideration a plan to call into ser-
vice a number of retired naval offi-
cers to relieve active officers now on
shore duty or detailed to various sta-
tions.

These moves are made to meet the
crisis forced by the ominous Mexican
situation. It has been found neces-
sary to dispatch every available na-
val vessel to the east or west coast
of Mexico, and to Haiti and Santo
Domingo. These are the ships of the
smaller type and which are not
regarded as units of the high seas
fleets of the American Navy.

CRY FOR BREAD AND PEACE

Food Riots in Munich—Soldiers Take
Sides With Mob

Milan, June 21.—The Munich food
riots are undoubtedly serious, since
the King of Bavaria has been oblig-
ed to intervene and personally ex-
hort his subjects to have patience a
little longer. But what King Ludwig
ignores is that the rioters clamored
not only for bread, but for peace.

The mob, having become infuriated
by the insulting behavior of some
officials, attacked the police and as
the soldiers took sides with the mob
they soon routed the police squads
and became for the moment the mas-
ters of the situation.

London, June 21.—Twenty-five thou-
sand persons are reported to have
taken part in demonstrations in Mun-
ich on Saturday, in which consider-
able damage to property was inflicted.

An Exchange Telegraph dispatch
from Zurich says that word of this
occurrence has reached that city from
Munich, it being reported that the
rathaus was damaged and that win-
dows of all the neighboring houses
were broken. According to this ac-
count, troops charged the crowd sev-
eral times and large numbers of per-
sons were wounded. Many arrests
are said to have been made.

MORE WARSHIPS SAIL

Admiral Winslow, Commanding Pa-
cific Fleet on Way to Coast
of Mexico

San Diego, Cal., June 21.—With Ad-
miral Winslow, commander-in-chief
of the Pacific fleet, aboard the armor-
ed cruiser San Diego, flagship of the
Pacific fleet, sailed from this port
yesterday for either Guaymas or
Mazatlan, Mexico.

Two hours after the San Diego left
port the torpedo-boat destroyers Hull
Truxtun and Hopkins sailed for the
south. It was stated that the destroy-
ers are under orders to overtake the
San Diego.

Rear-Admiral Fulam, commanding
the Pacific reserve fleet, received or-
ders for the armored cruiser Pitts-
burgh and Colorado to proceed south.

WILL KEEP JOBS FOR MEN

The Civil Service Commission ruled
yesterday that civil service em-
ployes will not lose their positions
through absence of less than one
year for military service and an-
nounced that where absences of more
than a year are necessary by the com-
mission would recommend promo-
tion by the President. Hundreds of
Government clerks in Washington
and in other cities are members of
the National Guard and are being
mustered in for border duty. Presi-
dent Wilson and his Cabinet discus-
ed yesterday plans for preventing
loss of salaries or positions by all
Federal employees called into service
by the National Guard mobilization
order. Members of the Cabinet said
afterward some way would be found
to make special legislation covering
such cases.

KAISER SENDING AID

Teutons Said to Have Stiffened Aus-
trians' Resistance and Checked Rus-
sian Onrush

London, June 21.—Six German di-
visions—120,000 men—have been
hurried eastward to oppose the Rus-
sian offensive bearing down upon
Lemberg. Geneva dispatches report-
ed today.

Two German divisions are en route
to the Lutsk-Kovel front. The Aus-
trians, supported by German troops
are counter attacking with great vi-
gor on this northern flank of Gen-
eral Brusiloff's armies and appear to
have checked temporarily at least
the Russian advance.

Four German divisions are being
rushed into action on the thirty-mile
front from Brody southward to a
point east of Przemyshlan. The Rus-
sians have opened a heavy artillery
attack on this line, evidently in pre-
paration for a hard smash toward
Lemberg.

Dispatches from Berlin and Vienna
today admitted that the Austrian
right wing, under General Pflanzer,
continues a rapid retreat before the
Russians in Bukovina. The terrific
force of the Russian artillery fire is
causing Pflanzer to retire rather than
sacrifice his men. Vienna reported,
but it is expected he soon will make
a stand against the Russians.

Petrograd, June 21.—On the north-
ern flank of General Brusiloff's front
the Austrian resistance, considerably
stiffened by the arrival of large Ger-
man reinforcements, has succeeded in
checking the Russian drive between
Lutsk and Kovel, which, directed
against Vladimir-Volynsk, aims at
destroying the Austrian communica-
tions between Kovel and Lemberg.
But in spite of the violent Austro-
German counter-attacks, one of
lines, the latest reports are to the ef-
fect that the Russians have again
resumed progress in this sector, af-
ter taking the usual toll of prisoners.

On the southern flank the Aus-
trians have been unable to check, even
momentarily, the Russian advance to
ward Kolomea and toward the final
Dniester fortification of Halich.

General Pflanzer, the Austrian com-
mander, apparently is paying the pen-
alty for having too long delayed his
retirement from Czernowitz, and his
army, now cut in two, is reported to
be in precipitate flight, one part along
the Rumanian frontier and the other
into the Carpathians.

Turning from Czernowitz General
Kechitsky's forces are pressing their
flank attack north and have reached
a point on the Zlota ips, some miles
to the northwest of Czernowitz. Rus-
sian military critics consider it un-
likely that the Austrians will be able
to hold the Zlota ips line, but will be
forced back upon Halich.

The separate Russian movements
now are showing a strongly centraliz-
ing tendency. There are those converg-
ing lines of advances the common
objective of which is Lemberg. The
first of these lines is approaching
Vladimir-Volynski the second Brody,
the third Halich. The capture of any
one of these towns would place the
Galician capital in a position of grave
danger.

The total number of prisoners taken
by the Russians now is estimated at
170,000.

Berlin, June 21.—German troops
have broken the resistance of the
Russians at various points northwest
of Lutsk and are fighting their way
forward, the War Office announces.
The German successes were won be-
tween the Kovel-Lutsk Railroad and
the Turia River. The resistance of
the Russians was especially stubborn
in the region of Kiselin, 25 miles
northwest of Lutsk.

DEVILED & HARD SHELL CRABS

COLORED WOMAN FINED

Refused to Answer Officer's Questions
and Used Unseemly Language

One of the most difficult matters
with which policemen contend is the
difficulty of obtaining information
from negroes. Many of them who
witness affairs pretend they know
nothing when attempts are made to
induce them to testify, and some of
the more insolent occasionally treat
officers with gross contempt when
queries are propounded.

Officer Campbell was sent to a
certain neighborhood yesterday where
a row was said to be in progress.
The participants and most of the
spectators had scamped before the
officer's arrival, and a colored woman
who was still near the scene was
asked by him concerning the disorder.
"Don't ask me," she replied in a con-
temptuous air, and started to walk
away. As she moved on she uttered
some unseemly language and the of-
ficer took her in charge for disor-
derly conduct. She was fined \$2.50
in the Police Court this morning.

This incident is mentioned for a
purpose and to admonish all such per-
sons that it is incumbent upon them
to treat officers with respect. Negroes
are liberal patrons of the Police
Court, and it is their duty as well as
of white people to act in concert with
the authorities when their services
are needed.

EAGLE ATTACKS BOY

Huge Bird is Finally Slain in Fierce
Battle Against Three Men

Charleston, W. Va., June 21.—Six
year old George Jenkins, of the Union
district, this county, was attacked by
an American eagle a few days ago,
which sank its talons into the boy's
leg. The eagle was killed after a
battle by the father of the lad and
two farm hands.

One of the bird's legs had to be
broken before the boy was released.
The huge bird measured seven and
one half feet from tip to tip of its
wings. The eagle, evidently desper-
ate from hunger, tried to carry off
the boy for a meal. The youngster
said: "I didn't do nothin'. It just
dropped outen the sky and grabbed
me."

GERMANS KILL OWN MEN

Paris, June 21.—The official com-
munication reads:

"Between the Avre and the Oise
two enemy detachments after a spir-
ited bombardment attempted to ap-
proach our lines. They were repul-
sed by grenades.

"On the left bank of the Menne,
the artillery action was intermittent.
On the right bank there was a violent
bombardment north of the Thiamont
fortified works and in the sectors of
Vaux, Chapitre and Souville.

"An enemy air squadron dropped
numerous projectiles on a village
south of Verdun, where a camp of
German prisoners was located. Sev-
eral of these prisoners were killed
or wounded.

"The day was calm on the rest of
the front."

TEMPERANCE LECTURE.

Dr. G. S. Phillips, field secretary
and treasurer of the Anti-Saloon
League of east Virginia, will lec-
ture on "Temperance" at the Gospel
Tent in North Washington street,
between Cameron and Queen on Thurs-
day June 22, at eight o'clock.

Dr. Phillips is assisting in the
temperance camps now in progress
in Washington. He is one of the most
able speakers on the temperance plat-
form having served seventeen years
in the cause.

All members of both the Allison
and Willard branches of the W. C.
T. U. are urged by their respective
presidents to meet at 7:30 at the
Gospel Tent where they will take
part in the service.

POLICE BAND OFFERS SERVICES

New York, June 21.—The police
band of the city of New York made

ed its services to the United States
in the vent of war with Mexico.

The members by unanimous vote,
adopted a resolution offering to serve
either as bandmen or soldiers. The
meeting was held in the Seventh Re-
giment Armory.

Brewers of State Seek Legal Opinion
as to Manufacture of Soft Drinks
With Alcohol

Richmond, June 21.—Stimulated by
the hope that a Los Angeles process
for separating ordinary lager beer
into two products that would be mar-
ketable in this State after prohibi-
tion goes into effect, may save from
destruction the valuable brewery prop-
erties in Virginia, counsel for brew-
ery interests have applied to Attorney
General Pollard for a ruling on the
legality of carrying on an expurgated
brewing business of this character
after November 1.

To the pressing requests for ad-
vice on this point Mr. Pollard has re-
plied that he can express no opinion
unless requested to do so by the gov-
ernmental department affected. Only
the Governor and the Commissioner
of Prohibition have the right to call
on the Attorney-General for opinions
as to the effect of any section of the
prohibition law, and neither of these
have applied for advice. Prohibition
Commissioner Peters will not take
office until September 1, and has,
therefore for the present, no official
standing, although a request for a
ruling from Mr. Peters probably
would receive a prompt answer from
the Attorney-General's office.

Even should a proper State officer
request a ruling on the legality of the
denatured brewing business, said Mr.
Pollard, he would have to make a de-
tailed study of the processes involved
before he could render an opinion.
These who applied to him for advice
on this subject have ventured no de-
tails as to the plans for decomposing
ordinary beer into two legally market-
able products, except to say that the
products would be a species of soft
drink and commercial alcohol.

Aside from the question of its
legality, the plan suggests interesting
possibilities. If it is held to be legal
to manufacture beer for the purpose
of decomposition into a soft drink con-
taining no alcohol at all, and pure
commercial alcohol, millions of dollars
invested in expensive brewery plants
in Richmond, Norfolk, Alexandria,
Roanoke and other points in the State
now doomed under the prohibition law
may be spared annihilation and even
made more profitable than ever.

The Mapp prohibition bill expressly
prohibits the manufacture or sale
of beer or malt liquors. It is ap-
parent, therefore, that a brewery pro-
duct reducible from orthodox beer will
have to be peculiarly innocent to come
within the law. The inhibition against
malt liquors was expressly aimed at
the near-beer industry. It is claimed
for the Los Angeles process, however,
that it extracts from ordinary beer
every ingredient which is outlawed by
the prohibition bill, leaving the taste,
the color and the smell—everything
but the jag.

While the prohibition law interdicts
the manufacture of malt liquors it
negatively legalizes the manufacture
and sale of any drink that does not
contain alcohol in excess of one-half
of 1 per cent by volume.

MARSHALL DECLARED GUILTY.

By a vote of 280 to 85, the House
yesterday adjudged District Attorney
H. Snowden Marshall, of the South-
ern District of New York, guilty of
contempt of the House of Represent-
atives and adopted the report of its
selection committee directing that
Mr. Marshall be summoned before the
bar of the lower body to answer the
charge of having violated its privi-
leges. Speaker Clark will issue a
warrant today for service upon Mr.
Marshall, when arraigned at the bar
of the House, shall have the privi-
lege of making a statement in person
or by counsel. If Mr. Marshall does
not desire to enter a further defense,
the resolution provides that "the
House shall thereupon proceed to
take order in the matter."

FINED FIFTY DOLLARS

Harry Fleischmann Convicted of
 Opening His Saloon and Selling
 Liquor on Election Day.

About a quarter to twelve o'clock
 on Tuesday night, June 13, Sergeant
 Wilkinson having been informed that
 the saloon in the Fleischmann Hotel,
 on south Royal street, was in opera-
 tion, repaired to the place with Of-
 ficers Campbell and Thompson. They
 found thirty-two persons, including
 four women, in the place, most of
 whom were drinking beer. The bar
 was in charge of Bernard Hamilton,
 who acknowledged to the Sergeant
 that he was conducting business. A
 number of names of witnesses were
 taken, including that of Hamilton, and
 they were ordered to appear at the
 Police Court next morning.

A warrant was in the meantime
 made out against Harry Fleischmann
 proprietor, of the place and the case
 was called last Wednesday morning
 F. P. Russell, counsel for Fleisch-
 mann, asked that the case be con-
 tinued one week, and it was called
 again this morning. In the meantime
 Mr. Russell retired from the case
 and Edmund Burke appeared as coun-
 sel for Fleischmann. Mr. Burke, asked
 that the case be again postponed,
 but Commonwealth's Attorney S. G.
 Brent objected, calling attention to
 the fact that it had been continued
 once. The court declined to continue
 the case any farther, and the taking
 of testimony against Fleischmann,
 who was absent, began.

Sergeant Wilkinson testified sub-
 stantially as in the introduction to
 this story, and he was followed by
 Hamilton, who had charge of the
 saloon on the election night. After
 showing an indisposition to testify,
 he finally acknowledged the charge
 made by the officers.

Fleischmann was fined fifty dol-
 lars. Mr. Burke asked that his client
 be allowed the usual ten days in
 which to determine whether or not an
 appeal would be taken from the de-
 cision of the Police Court.

POLICE COURT

(Justice L. H. Thompson presiding)

The following cases were disposed
 of this morning:

Harry Fleischmann, charged with
 opening his saloon on June 13, elec-
 tion day, and selling liquor, was fined
 \$50.

John King, charged with violating
 the Sunday law, forfeited his collat-
 eral by failing to appear.

Corra Lomax, colored, charged with
 disorderly conduct and using im-
 proper language in the street, was
 fined \$2.50.

MAN POISONS WIFE

Mrs. Maurice Carpenter, a trained
 nurse, 35 years old, of 1111 Ninth
 street, northwest, Washington, is ly-
 ing on a bed at Emergency Hospi-
 tal suffering from what she claims is
 an enforced dose of morphine and
 atrophine. She declares her husband
 put the poison in a bottle of wine,
 and then forced her to drink a glass
 of it at the point of a revolver. Car-
 penter, an employee of the Giesboro
 Point steel plant, was arrested last
 night. Mrs. Carpenter has a 10 year
 old son by a former marriage, and
 it is said that the couple had quar-
 reled over the boy. A note found
 in the woman's clothing at the hospi-
 tal was turned over to the police.
 "This is to certify that I intend to kill
 either my wife or the stepchild that
 has been wished on me," it read, and
 was signed Maurice Carpenter.

A Safe Test

For those who are in need of a
 remedy for kidney troubles and back-
 ache, it is a good plan to try Doan's
 Kidney Pills. They are strongly re-
 commended by Alexandria people.

Mrs. L. C. Nalls of 540 south Pat-
 rick street, Alexandria, says: "I could
 hardly get about the house, as my
 back felt so weak and sore. When I
 got down, it was almost impossible
 for me to straighten up. I couldn't
 rest after I went to bed, as my back
 ached so badly and in the morning
 I could hardly dress myself. I felt
 weak and tired all over. My kidneys
 were irregular in action and my head
 ached. The first box of Doan's Kid-
 ney Pills, procured at C. W. Sum-
 mer's Drug Store, did me so much
 good that I got another. After I
 had finished that, my back stopped aching
 and my kidneys haven't caused me
 any trouble since."

Price 50c, at all dealers. Don't
 simply ask of a kidney remedy—get

UNITED STATES AND MEXICO

President Wilson, speaking for the American government, repudiates to the last syllable the arrogant and insulting charges made in the note of the Mexican de facto government that the United States has been insincere in its attitude and professions and is actuated and guided by motives other than those it advances. A contemporary suggests that could the note of Mr. Wilson in reply find general circulation among the intelligent element of the Mexican people, the government of Carranza would be shaken to its foundations. That note is emphatic and convincing in its declaration of the correctness and moderation of the American policy of sincere friendship for the Mexican government and people. Back of all else the United States has been bent upon one thing, namely the most effective method of preventing raids, and past experience has demonstrated that this is by swift and sure punishment of the raiders. It is precisely this plan which the United States desires to follow along the border without any intention of infringing upon the sovereign rights of her neighbor, but which, although obviously advantageous to the de facto government, it refuses to allow or even countenance. It is in fact protection to American lives and property about which the United States is solicitous, and not the methods or ways in which that protection shall be accomplished.

If the Mexican government is unwilling or unable to give this protection by preventing its territory from being the rendezvous and refuge of murderers and plunderers, it is not thereby relieved of the obligation to take all needful steps to safeguard American citizens upon American soil. This is the finality of President Wilson.

At the same time, it must be remembered, both countries are, to a certain extent, the victims of conditions beyond their control. The Baltimore Sun voices the sentiment of most Americans when it says we are not in Mexico because we want to be, but because we have been compelled to go there by the inability of the Mexican Government to perform its own functions. We are there not as invaders, but wholly as a matter of self-protection. There are few Americans who would not rejoice today if the necessity had not arisen. There are few who would not rejoice if we could retire at once with the reasonable prospect that this necessity would not recur. This is our whole case. The conditions in Mexico have made it imperative for us to safeguard ourselves. Whatever we do will be done in pursuance of that object and with the sole purpose of putting an end to a situation that is a constant menace to us and an insuperable obstacle to Mexican peace and prosperity. No such thing as "benevolent assimilation" is contemplated, and there will be none, though a temporary guardianship may be required.

In considering our attitude and our rights we should not lose sight, however, of the Mexican viewpoint or of Mexican rights. These are stated with a great deal of force and feeling in the letter of the Mexican Consul at Baltimore, R. Calvo Y. Arias. We can imagine how wild with wrath Americans would be if we were in a condition similar to that of Mexico and a big foreign power had kept an army on our soil for three months and refused all our demands to retire. No matter how right the foreign power might be, no matter how wrong we might be, one thing is sure—we would be fighting mad to the last man, woman and child among us.

Some day we shall withdraw from Mexico, unless we are false to our professions and ideals. Withdrawal is only a question of time, and we believe most persons will agree that the shorter the time, the better. A war with Mexico would require considerable time, and the reorganization of Mexico after such a war would take a much longer time, and entail a responsibility which no thoughtful American would have the Government lightly assume. We managed to graduate Cuba after a comparatively short training, but we must still keep a watchful eye on her; and the Philippines have cost us an immense amount of money and anxiety, and their education is still incomplete. We are big enough and strong enough to withdraw from Mexico without regard of any loss of prestige just so soon as our own protection will justify it. But if Carranza wishes to hasten our withdrawal, he must do so not by threats, but by the demonstration of his ability and his willingness to control the Mexican elements that have been carrying on a border warfare against the people of the United States.

CHASING THE RAINBOW.
At certain intervals ever since the close of the war between the states a few people living in Alexandria city and county have suffered from retrocession fever. In their delirium they imagine that the commercial importance of both city and county would be materially enhanced were the portion of Virginia ceded to the United States at the formation of the government again a part of the District of Columbia. This class are descendants of Jason who still believe the Golden Fleece can be found as well as the pot of gold at the foot of the rainbow.

While Alexandria is convalescing from an unnecessary scarlet fever scare and the city has emerged from the mists which rose over North America in the days of the Pilgrim Fathers, some persons, whose time might be employed in more practical employments, are said to be moving about the city securing signatures to a petition (we know not to whom) asking that Alexandria city and county be again incorporated into the District of Columbia. Should the matter ever crystallize it would bring up issues as intricate as those in connection with Schleswig-Holstein, which perplexed Europe half a century ago.

It should have been apparent since the days of 1846 that retrocession is a closed issue. The people of this city were allowed to vote on that question, and a majority decided to return the city and county to the Old Dominion. Their action was ratified by the federal and state authorities, and that was an end of all controversy.

The arguments used by these would be despoilers of Virginia have been met time and again, and there is no need to reproduce them now.

The first movement was started by disappointed politicians half a century ago, after the close of the civil war, when an ouster procedure (not a law) deposed virtually all not native and to the manner born who had been holding office during the four years' conflict. In most of the subsequent movements the propagators have, in the main been persons who imagine their political genius is not properly understood and whose profers to serve in officials position have been declined with thanks.

GREAT CRIME OF THE AGE.

For some time, according to the dispatches, France has had its 18-year old boys under arms and even 17-year old boys under notice of service. Now the dispatches say that

the Germans have called to the colors their 17 year old boys, and that many of those who have been rushed to the defense of Verdun are 18 year old lads. The Baltimore American in calling attention to this phase of the war atrocity says it is distressing beyond portrayal. That the youth at the most impressive age should be sent to slaughter, should be given the ordeal of blood and horror, which may never be effaced from their minds or their characters, should they survive is dreadful in the extreme, for these boys will come out from the strife somber men with an experience vastly beyond that of their years, and their entire trend of thought and character and capability will be altered. The innocents will cease to be such; they will be men of world tragedy with the seal of horror upon their hearts.

But myriads do not survive and are literally slaughtered, as much victims of criminal slaughter as were the sacrifices of children offered to the red hot god Moloch. Generations to come will bring their indictment against the generation that for cause no man can sensibly set forth has wantonly slaughtered the youth and killed the progeny of love and affection before the hapless creatures had passed from the age of innocence of life and its stern realities.

"BY THEIR FRUITS SHALL YE KNOW THEM."

There is much hollow patriotism in the world, and the number of Fourth of July soldiers is legion. Hence when people who profess patriotism in times of peace rally to their country's standard when the honor of their country is imperilled, it is prima facie evidence that they mean what they say.

The Supreme Council of the Junior Order of Mechanics now in session in Wheeling, W. Va., yesterday through the Supreme Commander offered the service of the five thousand members of that organization to the United States in the war about to be precipitated with Mexico.

It is but fair to presume that many other members of this truly patriotic order will respond to the call to the colors.

This great American organization has councils throughout the country, and its rosters embrace the names of representative and good citizens of every community. Their insignia is in the main, the Bible and the American flag and their motto, "Pro Deo et pro patria."

By the aid of this organization the Stars and Stripes flutter over our public school buildings, and the members of the organization endeavor to instill patriotism into every generation.

NEWS OF THE DAY

Edward E. McCall yesterday was appointed receiver for Madison Square Garden, New York, as the result of litigation to close a \$2,300,000 mortgage on the property.

Geornimo Lerma, a Mexican suspected of assaulting Mrs. W. U. Kuyendall while she slept in Brownwood, Texas, early yesterday was found later by a posse about 10 miles from Brownwood and shot to death.

Running into an automobile truck of the American Express Company in Baltimore yesterday evening Lawrence Denowitz, 7 years old was knocked down and received a fractured skull, from which he died while being taken to Mercy Hospital.

Huntsville, Ala., was roused to a high pitch yesterday when it became known that H. S. Pleasants, an attorney of State-wide reputation, had been found shot to death in his office, leaving a note that he committed suicide because of suspicion directed against him in connection with the murder last week of Probate Judge W. T. Lawler.

Bread riots are reported at Patras, Aigina, Malias and Agrinion. The Greek general staff has been unable to demobilize three army corps in Macedonia owing to the holding up by the blockade of the ships which had been requisitioned for their passage home. Some Piræus shippers lodged protests yesterday at the embassies of the allies against the continuance of the blockade and others have discharged their crews.

Bernard Moody, 15 years old of Wilmington, Del., was run over and killed last night by an automobile delivery truck of the Charles Warner Company. The driver, George J. Thompson, surrendered to the police and was charged with manslaughter. The truck was loaded with sand and Moody was standing on top of the load, which shifted, throwing him off the rear wheel passing over his head. He died shortly after being admitted

to the Delaware Hospital.

Heartbroken over the enlistment of her husband in the District of Columbia militia, Mrs. Harriette Parrone, 20 years old and a bride of two months, visited the armory at First and B streets, in Washington in an effort either to secure her husband's release, or to be allowed to accompany the militiamen as a nurse. She failed in both. A moment later, standing on the armory steps, she swallowed poison. She was taken to Casualty Hospital, where her condition early this morning was reported serious.

The services of the members of the Uniform Rank of the Junior Order of United American Mechanics in the event of war with Mexico have been tendered to Secretary of War Newton D. Baker by the Supreme Commander now in session in Wheeling, W. Va., Richard F. Chaney, supreme commander, said that between 3,000 and 5,000 men could be organized quickly for duty. Delegates representing lodges in 11 states are attending the meeting, which will close today following the election of officers.

A terrific hailstorm, accompanied by a downpour of rain, passed over Federalburg, Md., late Monday night, doing thousands of dollars' worth of damage. Watermelon and cantaloupe patches were cut down by the hail, while wheat, corn, tomatoes and the remaining crops of strawberries were greatly damaged. Fruit trees also were badly cut by the hail. A large field of early sweet corn, nearly ready to tassel, was cut to the ground as if a scythe had passed through it. The storm centered in a distance half a mile wide and three miles in length.

Ernest Maxwell and Ray Dotson are in jail in Grafton, W. Va., charged with the murder of B. N. Hyson, a miner for the Rosemont Coal Company, at Rosemont Saturday night. The accused are employed by the same company and had been at Rosemont only about a week. Hyson's body was found with a bullet hole through the heart, almost in the center of the town. Robbery is thought to have been the motive, as a man was seen going through the pockets of the victim and the pair under arrest are said to answer the description of two men seen in the neighborhood at the time of the tragedy.

Van Bitner, president of District No. 5, United Mine Workers of America, at Pittsburgh, yesterday received an order from John P. White, international President, to instruct 32,000 striking miners in the Pittsburgh district to return to work. The men, who struck when their officers entered into a wage agreement with the Pittsburgh Coal Operators' Association, based on the New York agreement, carried their case to the general officers of the union, who took this action. Meantime a committee has been appointed to visit the Pittsburgh field and investigate the situation with a view of formulating a new wage scale.

Dr. Boyce D. Brooker, the fugitive Richmond physician, under indictment for selling prescriptions for habit-forming drugs to dope fiends, has it is said been definitely traced to London.

Capt. William I. Rasin, one of the best known Confederate veterans of Maryland and for a number of years deputy internal revenue collector at the Baltimore office died at Newport News Sunday.

Rev. J. O. Kirk, a Baptist minister, pastor during his life of various churches in Virginia, died yesterday morning at the home of his son, Mr. W. Fleet Kirk, near Lakeside, Richmond. He was the son of Dr. William H. Kirk, of Lancaster county.

With only three hours' preparation, Winchester held a monster preparedness parade last night. It was headed by the city band and Company I, Second Virginia Regiment, Capt. Robert V. Conrad commanding, which leaves Friday for mobilization camp at Richmond.

The board of visitors of the Virginia Military Institute, in session at Lexington yesterday authorized the superintendent, General E. W. Nichols, to tender to the Governor of Virginia the services of the cadets for drilling recruits in the State militia. A telegram to that effect was sent to Governor Stuart by General Nichols.

President Wilson sent to the Senate yesterday the nomination of Robert F. Whitehead, of Virginia, to be Assistant Commissioner of Patents. Mr. Whitehead served as second assistant for years and his promotion is due to meritorious service. He is the son of Robert Whitehead, former Commonwealth's Attorney of Nelson county, and the nephew of the late Congressman Whitehead, of the Tenth Virginia district.

While Charles Zetty was fishing Monday in the Shenandoah river his hook caught in a woman's clothing. When the body was brought to the surface it proved to be that of Mrs. Bessie Lloyd, wife of Thomas Lloyd, a Norfolk and Western Railway man of Shenandoah City. Mrs. Lloyd was last seen Sunday night. Despondent from domestic troubles, she had been threatening to drown herself, and late Sunday night she stole away to the river and jumped in. She was born in Scotland 50 years ago.

Firms or partnerships, according to Executive Assistant Garnett, of the State Tax Board, are not required by the new income tax law, passed at the last session of the General Assembly, to make a return of their income nor to pay a tax thereon. The express language of the income tax law makes it apply to "each person or corporation." Mr. Garnett holds, therefore, that firms and partnerships as such are exempt, but that each person composing a firm or partnership is required to make a return of his personal income and be taxed thereon.

The Rev. Dr. Wayland F. Dunaway, one of the oldest Baptist ministers of Virginia, was taken ill yesterday afternoon at Kilmarnock while conducting the funeral services of Mrs. Allen in Kilmarnock Baptist Church, and retired to the hotel, where he died in a few hours. Dr. Dunaway was a native of Lancaster county. When the Civil War broke out he entered the Confederate Army and rose to the rank of captain serving for some time on the staff of Gen. A. P. Hill. After the war he was Commonwealth's Attorney of Northumberland county until he was removed by the reconstructing military authorities.

zens, held in the birthplace of President Wilson, in Staunton last night, the people of Staunton pledged themselves to support the wives and families of all members of Companies I and K, First Virginia Regiment, all of whom live in the city and county, while the men of these families are at the front. One thousand dollars was raised at the meeting, which will be increased largely by committees. Staunton physicians also pledged themselves to give their services free to these families while the men are away. Money will be regarded as a loan, to avoid the appearance of charity, and may be repaid, if desired, by the men on their return.

The Pythagoreans of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfils its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of his place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nervous headache, sick stomach, and similar symptoms.

It has been in constant use for over 70 years, and has benefited over a million people.

Your druggist sells and Theford's Black-Draught. Price on package to-day.
